Mandy Dunn has worked in Victoria as a Growth Coaching International coach and facilitator of professional learning programs since 2015. Mandy believes that coaching individuals and leadership teams is an opportunity to challenge, support and empower leaders to reach higher levels of performance.

Mandy Dunn has over 40 years' experience in education. She has driven school improvement as a Regional Network Leader in Victoria overseeing school improvement across primary, secondary and special schools. During this time Mandy worked closely with principals and school leadership teams, developing leadership capabilities and providing advice and support on the implementation of consistent high quality teaching and learning practices. Mandy also worked as a principal in three metropolitan primary schools where her leadership was characterised by a strong teaching and learning focus and the facilitation of teamwork and collaboration.

Mandy has a Diploma of Teaching (Primary) and a Bachelor of Education. She is an accredited GCI coach and has certification with GENOS International. In 2015 she completed the Solutions Focused Masterclass.
