ENHANCING  
THE QUALITY OF  
CONVERSATIONS  
IN EDUCATION  
COMMUNITIES

## OTHERS SAY...

“A really straightforward, sensitive and caring way of opening dialogue between teachers about improving teaching and student outcomes.”

## AS REQUIRED FOR EDUCATIONAL LEADERS

### EXECUTIVE COACHING

Individual executive coaching offers leaders the opportunity to work with a coach to focus on enhancing performance, wellbeing and success.

At GCI we coach leaders at any level, from experienced principals to newly appointed team leaders. All our coaches are GCI qualified and highly experienced, most come from the education sector - so you receive the support and industry knowledge essential to help you achieve your coaching goals.

Executive Coaching is for those wishing to work with a coach over an extended period in order to progress medium to longer term development goals.

### ON DEMAND COACHING

When it comes to making progress in our work situations sometimes we just need some concentrated focus on a specific challenge or opportunity that might be grabbing our attention.

On Demand Coaching is a coaching process designed to provide two (or more) brief, focused, flexibly scheduled, coaching sessions as required.
